

Directory 2014-15

The 2014-15 School Phone Directory is brought to you by
Washtenaw County's Regional Educational Service Agency:

Washtenaw Intermediate School District (WISD)

Our mission is to promote the continuous improvement of achievement for every student while providing high quality service to our customers through leadership, innovation, and collaboration.

WISD adds value to education.

WISD is one of Michigan's 56 regional educational service agencies created by law to help schools provide quality programs for all students by maximizing district resources. WISD partners with its member school districts and public school academies in Ann Arbor, Chelsea, Dexter, Lincoln, Manchester, Milan, Saline, Whitmore Lake, and Ypsilanti, offering best-practice programs and services to assure that each child learns.

Our employees serve the community.

Dedicated to teaching and learning, WISD's employees serve:

- nearly 47,300 students in nine communities
- 68 public school board members
- 9 public school districts
- 13 public school academies
- 28 non-public schools

WISD is funded through several sources.

WISD is able to provide its services through a combination of funding from the State of Michigan, local allocated and voted millage, and some federal sources.

WISD is governed by a school board.

WISD is governed by five school board members who each serve six-year terms. Our current school board members are:

Dayle Wright, President
Diane B. Hockett, Vice President
Mary Jane Tramontin, Secretary
Mark VanBogelen, Treasurer
Gregory A. Peoples, Trustee

WISD impacts student achievement in a variety of ways.

Since 1962, WISD has worked with its member schools and districts—**collectively and individually**—to help meet the educational needs of their students, parents, support staff, teachers, administrators and board members. In a nutshell, WISD:

- provides school improvement consultation, assessment services and curriculum and instruction assistance to support improved student achievement
- offers the latest workshops, seminars and classes for teachers, administrators, transportation department staff, bus drivers, secretaries, board members, other school staff and parents, featuring current technologies, techniques and methods
- provides consultant assistance, research assistance and resources including Internet access, videotapes, digital videos, online student learning systems and assistive technology
- coordinates programs and services that are too expensive for a single school district to operate or that are very specialized for only a few students, including direct educational services for youth/adults with special needs from birth through age 26
- performs regulatory functions on behalf of the Michigan Department of Education including pupil accounting and special education monitoring and compliance
- secures educational resources and shares them equitably.

WISD provides more than 50 programs and services.

For more information:

Call (734) 994-8100, or visit www.washtenawisd.org
