**Helping Youth Develop Soft Skills for Job Success: Tips for Parents and Families**

Soft skills help youth succeed in life no matter what they are doing. By improving these skills, a young person can enhance his or her social life, do better in postsecondary studies, and be more successful at finding and maintaining employment.

Families play a key role in helping their children learn expected behaviors, understand the unspoken rules of the workplace, and deal with personality conflicts.

This brief from the National Collaborative on Workforce and Disability has tips for parent on teaching their youth communication, interpersonal and other soft skills that will help them succeed in employment.
